Greetings!

We've just started the summer, but it is already "Jim Tootle" hot. Maybe this is the year we will have a cool July and August? One can only hope.

To prepare for our next appearances, Jeff Mathew provided the following information. And there is a lot of information!

A word of caution is appropriate about the 2 attachments. They are in PDF format, which should make them easy to open. However, do not be fooled by the page numbers or original dates at the top of them. These were prepared for an earlier email, and at that time the page numbers matched. The performance dates are still correct, as are the individual play lists.

#### **NEW INFORMATION FOR ASHVILLE FOR 2022:**

*onto the wagon from there before the wagon has to move on up the street to get into position for the parade.*

The band wagon can NOT stick around the church as our contract says that we need to be in line for the parade at a specific time. If you show up to the church at the last minute, we may have to be pulling out of the church parking lot while you are still getting your horns and gear out of your cars.

### STAGING OF BAND TRAILER:

The trailer USED to be staged at Main Street and Park Street.

However, when I contacted the Festival Office this week to make sure where they wanted us to be, I was given several general locations for the units to stage, none of which include where we have been.

What seemed like the most attractive option was to stage on Plum Street east of Park. Plum Street is 2 streets NORTH of Main Street, and also dead ends at the Village Chapel Church. That is where we will head for to stage the band wagon. If the people on the ground running things change that, then I can send a group e-mail, but that won't go out till after 10:00. That is the best I can do. (*Map is attached*).

### DROP OFF TO VEHICLES AFTER PARADE:

It is confirmed that we will NOT be doing a concert from the band wagon at the end of the parade!

After the parade, the wagon will drop off everyone at the church parking lot who wants back there. For anyone who parks on the other side of the Festival, we will see what we can do about also stopping closer to that area at the end of the parade before heading on to the church. We will just have to see how traffic is and where this can happen safely.

### EXTRA ITEMS ON THE TRAILER:

I have been told that our tow vehicle will NOT be a truck. Accordingly, there won't be that extra room to throw instrument cases and gear in the tow vehicle like many of us, including me, have been used to doing. Whatever you bring to the trailer will have to sit somewhere on the trailer during the parade. We will have room and we will make it work, but this is maybe another reason to want to load onto the wagon at the church, if you get there in time.

But, most importantly, many thanks to Mary Kay's husband for consenting to pull the band wagon for us!

**Saturday July 23, 2022, Concert at Lancaster Festival, 11:00 to 11:45 AM,

### **TRIVIA: Pickaway County Fair:**

Very nice job for those of you were able to attend. Our contact person was pleased. Thanks much for coming, and the weather could hardly have been better for us.

As trivia, I have checked our band document library (*currently @ 3,000 documents*) and found that the band has been playing at the Pickaway County Fair since at least 1946.

### **TRIVIA: Ashville July 4<sup>th</sup> Parade:**

Our document library also shows that the band has been playing at the Ashville parade since at least 1950.

5. Hail to America
6. Paddlin' Madelin Home

The two in bold will be included in the play list for the Veterans Day observance.

Unlike last year's more ambitious project in adding new music, I only have 6 new songs for the band this year. I have printed music already for each of you, and I have been passing it out as we have seen each other in person. If you do not have yours yet, remind me when we are together again.

Sound files for all these songs, along with individual instrumental parts for most of the songs, can be found at:
