How The City Registrants Will Be Called

Listing Shows Where Local Men Placed In National Draft Lottery

Registrants of Chillicothe and Scioto township, who are under the jurisdiction of Ross County's Selective Service Board No. 1, are listed below in the order in which they will be called for examination by the draft board.

The numbers appearing before each name are the serial numbers and have nothing to do with the order in which the registrant will be called.

In order to make it easier for the registrants to determine their order number, names have been placed in groups of 25 each. By counting down from the number appearing in the center of the column immediately above your name, you can determine your number in the call list.

As soon as official order number lists are received by the draft board, questionnaires bearing both the serial number and the order number of the registrants will be mailed to each individual involved.

In the following list the first named man is number one for this draft board, the second is number two, etc.
