CHILICOTHE "ON THE AIR" LAST NIGHT

Encores For Various Members Were Numerous—Most Interesting Program Carried Out—Listened to With Great Enjoyment Here.

It was Chillicothe's night on the air, last night, the program being broadcast from station WEAQ, at the Ohio State University. The Chillicothe contingent, including the Odd Fellows Band, made the trip to Columbus via automobile and arrived in time to begin at 8:30.

The program as given was carried out as follows:

- The Chillicothe Odd Fellows Band
- March—"Chillicothe on the Air"
- Selection—"Woodland" . . . L. Lodgers
- Fox Trot—"Ded I Do"
- Sung by Pat Highland
- Overture—"Panorama"
- Barnhouse
- Fox Trot—"Looking Over a Four Leaf Clover"
- Descriptive—"A Hunting Scene"
- Bucoli
- Fox Trot—"Ain't She Sweet"
- Sung by Pat Highland
- Porto Rican Dance—"Tollin"
- March—"Gusconade" . . . Vanderook
- Solo by John E. Basker, "O'er Nocturne" . . . Pearl G. Curran
- Chorus
- Solo by Arthur Howson, Bartitone
- Indian Dances . . . Zanelek
- Lindy Lou . . . Strickland
- Accompanied . . . William J. Cowdrey
- Address (15 minutes) . . . Edwin S. Wenig

In response to requests the band and Messrs. Highland and Howson gave two additional numbers. A telegram from H. V. Dieckel, at Shoyrus, formerly of the local High school faculty, complimented the program and reported it coming in fine there. While two young ladies named Barrows, suddenly referred through the telephone from a Columbus residence a request that the band play "Ded I Do," but unfortunately they had left their library at home and could not fill the bill. Charles Blaker, who was present at WEAQ, connected by long distance with the Highland restaurant in this city and plainly heard coming over the telephone the radio result from a machine he had placed in the restaurant yesterday afternoon. Others in this city called and praised the program. The management at WEAQ thanked the Chillicotheans for their work and gave out that Chillicothe talent was always looked upon to put something worth while on the air when invited to do so at WEAQ.
