

### WELFARE ASSN. HOLDS MONTHLY MEETING

The Home County Welfare Association held their regular meeting at the Welfare House Thursday afternoon and discussed a number of interesting phases of the work in the county. Speaking of the improvement of health of the persons of Stone county, Mr. Robbins stated that the average age of death of the county benefited and forty persons died from January up to this time was 45. City health rates and that they did not know of a city anywhere that had as low a death rate. He also told of the case of a man and his wife and several children. The man was unable to provide for his family and seemed that and made it. An examination disclosed the fact that the man was in a very bad condition. After this condition had been remedied the man's health greatly improved and he is now able to support his family and their lives are broken up.

There is before us much work, some here now as in former years and a greater number of certified books in the county.

Miss Margaret Marshall stated that she had visited a number of social workers in Cincinnati, New York and Washington during her recent vacation, but that she could not see any more than there. In fact, she in Stone County would have an excellent one here that the larger cities do not have. She advanced the following: a mother's club here and also a baby clinic.

Treasurer Hayes reported that the society had enough money to last through the winter.

Miss Marshall's and Miss Brown's reports were given and were as follows:

**September**  
Monthly report of the Social Service Dept. of Home county Welfare Association.  
Home visits 25.  
Classes held 18.  
Children coming to center for recreation and play 147.  
Resolutions — Mrs. Humber, Mrs. Bueck, Mrs. Vance, Mrs. Gauder, Virginia Borer, Mrs. Borer, Miss Grace Orth, Miss Alice Bennett, Mrs. Harvey, Mrs. Williams, Mrs. J. Fay.

### HIGH BLOOD PRESSURE

Physician's Remedy Satisfies Doctors  
Dr. W. Stewart and Miss Spill's Message  
If your blood pressure is too high you cannot pass a life insurance examination.  
Perhaps you don't know whether you have the trouble or not, but you have occasional dizzy spells, headaches of evening, pain in the head, hot flashes, are nervous, restless or don't sleep well, your shoes pressure is probably higher than it ought to be even if you don't realize it.  
Break the prescription of a full physician, prevent high blood pressure and when that result is accomplished all the ailments caused by this abnormal condition will quickly disappear. Remubar and Block and reliable complete everywhere they are highly desired for DORMA—in private examination and complete with the Remubar.

### AMBITION DETERMINATION TRAINING

These Bring SUCCESS
