## NEWSBOYS BAND IS HONORED BY W. HUFF

**WELL KNOWN LOCAL BAND MASTER AND COMPOSER DEDICATES NUMBER TO THEM.**

The Scioto Gazette Newsboys' Band has been given a signal honor by Will Huff, the local band master and composer for he has written, dedicated and presented to them his latest band piece and it is a sprightly bit of music.

The Gazette Newsboys have really made wonderful progress in a short time and their playing has attracted not only the attention of the local music lovers who just like music but of the trained musicians who recognize that they have done so well.

Their concert which will be given on the evening of Friday of this week at Elks' Hall will give the general public opportunity to hear them play a number of selections. They will complement their musical program with an entertainment of Magic by Magician Moore of Newark, Ohio, who is world famed for his ability and who although in semi-retirement now keeps abreast of the times in magic and gives a wonderful program. Tickets for the entertainment which is to help the music fund of the band may be obtained at Summers & Son Music Store on East Second street.
