High School Band and Orchestra Score Wonderful Achievement in Concert

The concert given in Elks hall Thursday evening by the Chillicothe High School band, orchestra and boys glee club was a revelation of what may be accomplished through the ability, energy and perseverance boys glee club was a revelation of the man was Mr. Russell N. Squire, head of the instrumental music department of the public schools. When it is considered that these organizations are made up of boys and girls, some of them scarcely more than children, and that most of them, previous to their instruction from Mr. Squire, had not even a speaking acquaintance with the instruments they played last night, the accomplishment was nothing short of marvelous.

An interesting feature of the entertainment and one much enjoyed by the audience, was to note how by sign and gesture, the leader was able to direct each individual player in the tuning up of his instrument.

Remarkable improvement was shown in all the organizations, making for a much better concert than was given last year, and justified this means of seuring funds for the purpose of purchasing new equipment.

The tonal production and shading, were especially noted as being very excellent, and speak volumes for the growing appreciation of music among the young people, who will represent musical Chillicothe in generations to come.

The stirring marches played by the band were natural to these youngsters and were done with a precision of time and tone, which would have done credit to many adult organizations, while "Mighty Lak a Rose" was a colorful bit, done in real singing tones.

The real surprise of the evening came in the playing of classical music, such as the "Andante from Surprise Symphony" Franz Joseph Handel, by the orchestra, which caught the meaning of the slow passages, which they played with remarkable feeling. The glee club has some very good voices indeed, and displayed fine training.
