Tonight on the Classified Page there is a new list of actors and titles of productions in which they appear. Work out this list as you did the first one. Remember neatness is an important factor in selecting the winners. The character of your writing or printing, and general appearance of your solution are given careful consideration by the judges.

A slight chance has been made in awarding the free tickets. Six winners will be chosen for each contest who will receive one ticket each to The Warner Brothers' Sherman Theatre.
