Hello! I do hope this is the correct contact email!

I am the executive producer of Red, White & BOOM...and, as we have had to cancel the event due to COVID-19, we are doing multiple look-back shows.

In 2010, Mike Bowersock did a feature for BOOM on the Adelphi band, and I wanted to let you know I am planning to re-run it. I would also like to include some updated information, since it has been a decade.

Would you mind sharing any notable information with me? (Including how the band handled practices with the COVID pandemic...) Looking at your schedule, you will have just done your first performance together since March at the Pickaway County fair on June 20th, correct?

I appreciate your help with these updates!!
