A new midway and a flower contest will be added to the Kingston Geranium Festival June 21-24.

The midway will feature food booths, country store, antique car show, rides, games and music.

The flower contest — for citizens of Kingston — is being sponsored by the Mount Pleasant Garden Club. Competition has been divided into four classes and cash prizes will be given for the top two entries in each division.

To qualify entrants must use live plants only. Judging will be based on originality and effectiveness of display and quality and condition of plants.

The festival will be held in the Community Park. Proceeds from the festival will be used for improvement of the park.

Events will be held daily beginning Wednesday:
