**Subject:** Adelphi Band - Schedule Adjustment

Good afternoon.

It recently came to my attention that the Adelphi Band has had an unexpected schedule adjustment. I held off on sending a notification, presuming I would receive new content for a full newsletter. Since that hasn't happened yet, I decided to provide what I know.

The last Adelphi Band newsletter (July 19, 2018) listed an engagement at the Fairfield County Fair, AKA the Lancaster fair. We were listed to play on **Thursday, October 11**, at 11:30am, prior to, and for, the races. This was confirmed on their web site at that time.

A more recent check of the web site (<http://www.fairfieldcountyfair.org/fair-program>) shows the Adelphi Band has **instead** been moved to play on **Wednesday, October 10th**. The races are listed as starting at 1pm. We customarily start playing 30 minutes prior to the races, which would have us start at 12:30pm.

I don't know when the schedule adjustment occurred. What I have been told is that Glenn Hinton announced the change to those present at the band performance in Adelphi on September 15th.

In addition to the Lancaster fair, we have two engagements the following week:

**October 19** – 8pm Circleville Pumpkin Show parade

**October 20** – Circleville Pumpkin Show: 6:30pm concert on parade wagon, 8pm parade.

Should I receive additional information on schedule adjustments I will send it on.

John Mathew
