One of our members having a wedding isn't everyday news. Some might comment that it isn't even every-decade news, but here we are!

John Mathew

=====

The Adelphi Community Band is happy to share the news that Jeff Kelby (Tuba) got married to Shannon on September 18th.

We were able to meet Shannon at the 2019 Pumpkin Show.

It has been awhile since the band has had a marriage among one of our members.

Jeff and Shannon have been busy over the last several months doing some major renovations to their house, both on the inside and outside, a lot of which they have done themselves.

Those of you who might be considering doing some of the same projects at your house might want to check with them (*right after me*) on their experiences and tips.

For those of you who may not know, the Columbus Symphony Orchestra has had a program for a few years for musicians to apply to sit "Side by Side" the orchestral musicians during one of their practices.

Jeff was selected to be able to sit in with the Orchestra in 2019, and one other year.

For those of you who know Sheran Cherington (*French Horn*) with the Pumpkin Show Band, she had also been selected to be able to sit in with the orchestra for at least a couple years.

Here is a link to the "Side by Side" program sponsored by the CSO.
<https://columbussymphony.com/education/side-by-side/>

Even with all of their house projects, Jeff told me that he is looking forward to when the band can start back up again so that he can play with us.

Congratulations to Jeff and Shannon!
