 Band letter said come early and it wasn't kidding. So many deputies and checkpoints. I missed my turn into the front parking lot (it was a sidewalk). They said turn around and go back. But there wasn't any place to turn around. I almost ~~to~~ missed the parking lot altogether. The band members who came early parked in the back with no trouble at all. Enough of that. Pretty good turnout but short in some sections. Long parade and moved well but a girls unit in front of us had to stop and perform many times. We took the long way back - it took 10 min. Good crowd and we were well received.
